

Proper Trash and Recycling Cart Placement

1. Place bins at the end of the driveway and not in the road.
2. Place bin at least 6 feet from mailbox.
3. Place bin so the lid opening is facing the road.

Example of CORRECT placement:

Example of INCORRECT placement:

Carts are placed too close to the mailbox and in the road.

Carts are placed in the road.

Lid openings are not facing the road and carts are placed in the road.
